Activities that Both Occupations Have in Common

Similarity of Focus Occupation to Associated Occupation: 85

Focus Occupation: Registered Nurses (29-1111)

Associated Occupation: Emergency Medical Technicians and Paramedics (29-2041)

Work Activities	Exclusivity of Activity
Administer injections	60
Administer medications or treatments	46
Communicate technical information	4
Follow infectious materials procedures	52
Follow life support procedures	81
Identify body response variations	57
Inventory medical supplies or instruments	67
Lift or transport ill or injured patients	69
Make presentations on health or medical issues	50
Obtain information from clients, customers, or patients	40
Prepare patient reports	66
Record medical history or data	68

Set up patient care equipment	75
Take vital signs	56
Understand properties or composition of drugs	64
Understand technical operating, service or repair manuals	6
Use knowledge of investigation techniques	16
Use knowledge of medical terminology	40
Use sanitation practices in health care settings	48

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

Tools and Technologies that Both Occupations Have in Common

Similarity of Focus
Occupation to Associated
Occupation: 84

Focus Occupation: Registered Nurses (29-1111)

Associated Occupation: Emergency Medical Technicians and Paramedics (29-2041)

Tools and Technologies	Exclusivity
Acute care monitoring units and related products	22
Airway management products	30
Blood pressure units and related products	11
Cardiac pacemakers and related products	43
Casting and splinting supplies	25
Computers	1
Data management and query software	1
Electrocardiography EKG units and related products	20
Emergency medical services extricating and immobilizing and transporting products	35
Emergency medical services resuscitation products	15
Industry specific software	1
Injection and aspiration needles and accessories	25
Intravenous and arterial cannulas and catheters and accessories	29
Intravenous and arterial tubing and administration sets and related products	22
Intravenous infusion pumps and its analyzers and sensors and its accessories	31
Intubation supplies	21
Medical suction and vacuum products	33
Oxygen therapy delivery systems and devices	13
Patient point of care testing supplies and equipment	23
Personal communication devices	2
Pulse oximeters	18
Respiratory humidity and aerosol therapy products	31
Restraints and accessories	37
Resuscitation supplies	29
Specimen collection and transport containers and supplies	14
Stethoscopes and related products	14
Surgical cutting instruments and snares and related products	24
Syringes and accessories	14
Thoracentesis products	47

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
